Where to find the collection details on our page?

Top Right Corner of each page mentions the Collection & Category

Sizes

We offer two sizes across most categories—including laptop sleeves, organizers, pouches, and desk mats—to ensure your corporate gifting aligns with your team's needs.

Standard

Sleek, compact, and designed for daily efficiency with minimal footprints.

Laptop Compatibility: Precision-engineered for 12" to 14" laptops.

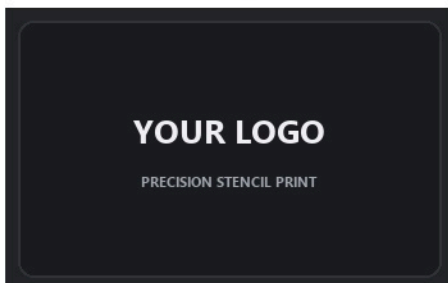

Supreme

Enhanced for those who need more. It provides an increased capacity.

Laptop Compatibility: Specifically tailored for 15" laptops.

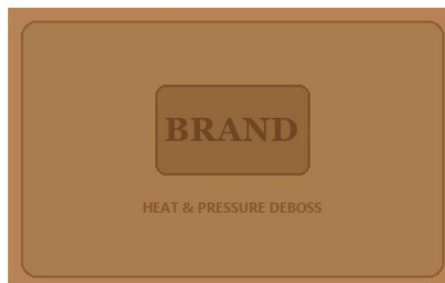

Company Branding

Screen Printing

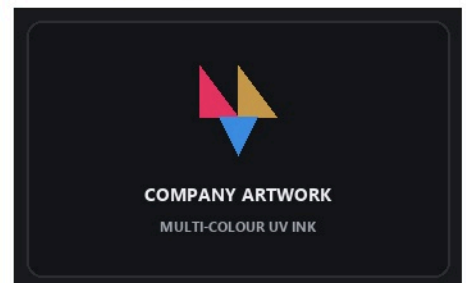

Screen printing applies ink through a stencil and is suitable for clean, single-colour logo applications.

Debossing

Debossing uses heat and pressure to create a recessed logo impression on the product surface.

UV Printing

UV printing uses UV-cured ink and can support detailed, multicolour artwork.
